Pevonia Ligne Soleil After Sun Soothing Gel

The anti-erythematic (anti-redness) properties of water lily combine with the antioxidant power of green tea and the desensitizing effects of chamomile in this cooling gel to provide instant relief and hydration to overexposed skin.

800/PEVONIA; pevonia.com

Phytomer

Instant Repair After Sun Milk, After Sun Mask

This duo features a blend of healing marine extracts to combat dehydration and free-radical damage. Shea butter helps repair and moisturize skin, while extract of *Chrysanthellum indicum*, known for its anti-inflammatory and decongestive properties, calms overexposed skin. 800/227-8051, phytomer.com

Rejuvi Laboratory "h" Skin Healing Gel, "h" Super Soothing Cream

This gel and cream work in concert to alleviate the effects of too much sun. The gel is 98% pure aloe vera with allantoin and chamomile extract to quiet skin and promote tissue growth, while the cream contains aloe vera oil, soma and licorice extracts to diminish redness and speed recovery.

800/588-2279, rejuvilab.com

Repêchage Hydra Soleil Deep Relief Tea Gel

Part of the Apres Soleil Facial, this lightweight gel combines an antioxidant blend of green, white and red teas to nourish and hydrate sun-exposed skin. Deep-sea thermophilus, aloe, cucumber and *Laminaria digitata* seaweed help repair and hydrate.
