Q What's the secret behind Kate Beckinsale's beautiful skin?

A "Kate sticks to her regimen and is very sun conscious," says her facialist, Nerida Joy, of Beverly Hills. Beckinsale uses Nerida Joy cleansing gel, with aloe and chamomile (left, \$32; neridajoy skincare.com), and applies Total Block SPF 65 sunscreen (\$26; 800-332-5536) every day. To smooth her complexion, Beckinsale applies Colorescience Line Tamer skin brightener (\$40; 877-447-8694) before makeup.

Once a week, she deep-cleans with the papaya and sulfur-based Rejuvi Purifying mask (right, \$24; rejuvilab.com).
